

Heat Seal's online Store is now open!

For distributor access only, distributors can now place parts orders online through the online Store. All of the parts on the price list are available on the Store. Current distributors must be registered for the dashboard to gain access to the Store.

To register for the Dashboard:

1. Go to www.heatsealco.com/distributor/new and fill out the form. (For your HS account number, contact us!)
2. Confirm your account, by clicking the email link that is sent to your registered email address. (You will get one more email when we grant you access to the Store.)
3. Log in at www.heatsealco.com/distributor/sign_in

When you log into the distributor dashboard, and then click on Store. You can search by part #, description, or by part category. Use the store's account settings to save your bill to and ship to information.

To order, you will need to enter a PO number for every order, and a credit card, if you do not have terms/credit with us.

If there is anything you need, that is not in the Store, please ask! Many parts can be added relatively quickly.

If you have any questions, comments, concerns—please contact Customer Service or Tylour at 216-341-2022 ext. 203 | marketing@heatsealco.com.
